

Master of Business Administration, MBA, Digital Business and Management 15 ECTS Open UAS

Do you already have an earlier Bachelor's Degree from Finland and wish to develop your skills on an education that combines theoretical knowledge with practical application? You can now start your journey towards a master's degree in Digital Business and Management via a module of 15 ECTS within Novia Open UAS. The module is developed for students who are aiming for an MBA degree in the future but might be lacking the work experience of two years that is needed to apply for the Master of Business Administration Programme. **There is a limited number of places on the courses: 10**
